RIBCRAFT DEEP-V HULL™

The flagship of the Ribcraft range, the 12.5 PRO, delivers the ultimate offshore response. By combining Ribcraft's signature deep V hull and bow sheer with an extended waterline and generous beam, the 12.5m RIB makes easy work of virtually any sea condition.

Designed for extended passages and operations requiring large payload capacities, the 12.5 offers incredible design flexibility, from a center console for optimal work space to cabin arrangements for all weather protection or overnight accommodations. Tailored power options include twin/triple outboards, inboard jet drives, or sterndrives. Each Ribcraft boasts heavy-duty Hypalon™ tubes.
