

12.5^{PRO}

The Flagship of the Ribcraft range, the 12.5 delivers the ultimate offshore response. By combining Ribcraft's signature deep V hull and bow sheer with an extended waterline and generous beam, the 12.5m RIB makes easy work of virtually any sea condition. Designed for extended passages and operations requiring large payload capacities, the 12.5 offers incredible design flexibility. From a simple center console for optimal work space to multiple seating arrangements for crew and passenger transport to cabin arrangements for all weather protection or overnight accommodations, this flagship model answers the need for virtually any application.

Power Options

As complete boat builders, Ribcraft can tailor your boat to exacting requirements; these includes selecting your power units.

Our most common setups are:

- Twin or triple outboard motors;
- Single or twin diesel inboard jet drive;
- Twin diesel inboard stern drives.
